**Cadeisha Mason is a  
T.E.A.C.H. Associate Degree Scholarship Recipient**

"Being a T.E.A.C.H. recipient has been a really big life changer for my family. I've always wanted to go back to school, but finances played a major part in not pursuing a degree. This scholarship has allowed me to go back to school without the stress of having to figure out how I'm going to pay for it. I am truly grateful to be a part of this program."

**Ruby Robles is a T.E.A.C.H. Associate Degree Scholarship Recipient**

"When I first learned about T.E.A.C.H. I was working on getting my Infant/Toddler CDA and the program helped by paying the Assessment Fee. After completing my CDA, I never thought about returning to school; being a single mom made it seem impossible. If it wasn't for T.E.A.C.H., I wouldn't be able to do it! Receiving a scholarship from T.E.A.C.H. gave me the motivation to attend school and complete my Associate Degree in Early Childhood in two years."
